December Business Honors Newsletter
CSUF Mihaylo College of Business and Economics Business Honors Program

In the Fall Semester, the Mihaylo Business Honors Program has held events such as the Fall Kick-Off, the Fall Retreat, and Winter Gala. Now that Fall 2016 is coming to a close, here are some events to look forward to in Spring 2017: Professional Development workshops, Spring Retreat, and the Awards Banquet.

**Arboretum Clean-Up**
Nov. 18th

Friday, November 18th was the first Community Outreach event at the arboretum. Being a Business Honors student means being an active member in society and doing our part to volunteer. The arboretum clean-up was a great way to help out the local community and form stronger bonds with fellow BH students.

Starting off the day at 8:30 A.M., we took our shovels and gardening hoes to pull out the weeds that surrounded the plants. We all got to work and had a wonderful and fulfilled feeling once we took our gloves off and marveled at the results. Be sure to attend the other outreach events in store!
Business Honors students of all classes gathered at the O.C. Mining Company for an evening of food, friendship, and entertainment. While serving as a time of celebration and relaxation for students, it also doubled as a night of philanthropy, with a portion of the proceeds going directly towards benefiting Mary’s Kitchen. The venue sported a beautiful view of the city below, delicious food, and an elegant internal decor.

To showcase the hidden talents of those within Business Honors, BH players enchanted attendees with live music and dancing. To end the night, the DJ played music while students danced and conversed with their friends and the Business Honors staff. Thanks to the excellent planning of the Winter Gala team, the night was a huge success. All in all, with finals quickly approaching, the night served as a much needed breath of fresh air before honors students do what they do best - bury themselves in stacks of books in preparation for finals.

The past two weekends, Business Honors students volunteered at Mary’s Kitchen in Orange, a non-profit organization that provides assistance to the less fortunate in our community. Volunteers served food, helped with deliveries, and organized backstock, while our own BH Players performed for Mary’s Kitchen guests.

All volunteers also received a fantastic lunch! It was a great opportunity to give back to the community and have some fun. Click below to learn more about Mary’s Kitchen and what they do:
